

**Job Opportunity: Match Reporter/Scout**

**Company: FeedConstruct**

**Location: Northern Ireland, United Kingdom**

## **About Us:**

FeedConstruct is a leading sports data provider, renowned for its fast and accurate delivery of data from diverse sporting events worldwide. We are proud to announce our partnership with the Northern Ireland Football League (NIFL), solidifying our position as the league's exclusive Betting Data & Streaming Partner until the 2028/2029 season. This significant agreement represents a substantial investment into the league, spanning over five years, and will provide comprehensive betting data globally for over 800 matches across various competitions.

## **Position Overview:**

We are seeking passionate sports enthusiasts from across Northern Ireland to join our global network as match reporters/scouts. As a match reporter, you will play a vital role in our live scouting department, ensuring the timely and reliable delivery of live data during matches.

## **Responsibilities:**

Attend sports matches punctually as per the assigned schedule

Provide fast and reliable live data using our dedicated application without any delays

## **Requirements:**

Knowledge of sports rules

Owning an Android device

## **Why Join Us:**

Joining FeedConstruct offers you an exciting opportunity to be part of a dynamic team and contribute to the global sports industry. With our extended partnership with NIFL, you will have the chance to cover numerous matches over an extended period, gaining valuable experience and exposure in sports reporting.

## **Additional Information:**

Candidates must have access to two mobile devices during real matches when they report, one of which must be an Android phone. One device is for collecting data with our special application, and the other is for phone calls.

## **How to Apply:**

If you believe you possess the passion and skills required for this role, please submit your CV through the application portal or share your CV via email:
